RE: Safety Update: Mask

Dear Parents, Guardians, Caregivers, and Loved Ones,

On May 13, 2021, the Centers for Disease Control and Prevention (CDC) ruled that fully vaccinated individuals can safely engage in most indoor activities without wearing a mask or face covering. The Governor's Office and the NC Department of Health and Human Services subsequently removed its indoor mask mandate for fully vaccinated individuals for most settings, effective May 14.

The Enrichment Center has continued to observe the mask mandate, social distancing, hand washing and we continue to fog/sanitize daily even though the Governor lifted the mandates. We are in the process of developing a step down plan to slowly return to a new normal. We are looking at ways to keep a safe environment but move away from full protections we used in the height of the pandemic.

As a first step, on Tuesday, July 6, 2021, individuals who have been fully vaccinated will no longer be required to wear a mask or face covering at The Enrichment Center, or while receiving services in the community. Anyone is free, however, to continue to wear a mask at his or her own discretion. We will continue to perform morning health checks (temps), use hand sanitizer and fog daily to safeguard against infection.

Thank you for your cooperation in keeping everyone safe!
